Profile

I am a passionate junior front-end developer with a strong interest in building modern, responsive, and user-friendly web applications. Skilled in HTML, CSS, JavaScript, and React.js, I enjoy turning design ideas into functional digital experiences. With a focus on clean code and continuous learning, I'm motivated to grow my skills in front-end technologies, UI/UX best practices, and performance optimization.

I thrive in collaborative environments, adapt quickly to new tools, and am eager to contribute to projects that deliver value to users. Currently seeking opportunities to apply my knowledge, expand my expertise, and grow into a well-rounded web developer.
